

Acosta Won Annual Pulitzer Race

Omaha, Neb., Nov. 3.—(Bert Acosta of New York won the annual Pulitzer trophy race for heavier-than-air craft here today, defeating a field of five other contestants, one of whom, H. E. Hart, of New York, was injured when his plane crashed near Loveland, Iowa.

Circling the race course from Omaha to Loveland, Iowa to Calhoun, Nebraska, and return five times, Acosta covered the route of about 150 miles in fifty-two minutes, 4.2 seconds, or at the rate of 175.7 miles an hour, as compared with last year's record of 178 miles an hour, made by Captain C. C. Mosley, representing the Aero Club of Southern California, on a Long Island field.

C. R. Coombs of New York, flying for H. E. Hart of Houston, Texas, was second, making the course in 54:07.6.

Eleventh John W. Landis of Mead, Ohio, flying a biplane, was third, his time was 57:20.8. Lloyd W. Bertrand of New York was fourth, his time being 58:00.0. The fifth place was taken by his machine, forced James Curran of Chicago to abandon the race.

Hartney, who is executive secretary of the Aero Club of America, was injured when his plane was wrecked in a forced landing in a field. His right leg was broken and he suffered some internal injury, the seriousness of which could not be known early tonight.

Trouble with the gasoline pump of his machine forced him down from an altitude of about 500 feet, the plane making a nose dive. He was thrown thirty feet clear of the machine, which afterward was burned when a second crash landed. He was taken to a hospital and is recovering from his wounds.

Mr. Hartney was taken to Loveland, given medical attention there and later was brought to an Omaha hospital.

Trouble with the pump on Hartney's plane delayed his start until late in the afternoon, after which the race participants had finished. His wife, who was on the field, urged him not to attempt to fly. He was on the first lap when the accident occurred.

The Acosta won the Pulitzer trophy with \$1,000 in cash, while second and third place won \$2,000 and \$1,000, respectively.

LANDIS PLACED GEDEON

ON INELIGIBLE LIST
Chicago, Nov. 3.—Joe Gedeon, former member of the St. Louis American League club, was placed on the ineligible list tonight by Judge Koenigsmann, St. Louis, commissioner of baseball.

The action followed a telegram from

William McCarthy, president of the Pacific Coast League, to Judge Landis, inquiring about the status of Gedeon, who was scheduled to participate in a game on the coast in which a number of coast league players were to take part.

Judge Landis replied, telling McCarthy tonight to advise his players not to participate in any games in which Gedeon appeared.

Gedeon was given his unconditional release by President Phil Ball of the St. Louis Americans, shortly after he had appeared before the Cook county grand jury, and testified regarding the alleged throwing of the world series of 1919, by certain members of the Chicago White Sox to the Cincinnati Reds.

During last season Gedeon did not appear in any organized baseball game. Gedeon was not indicted in connection with the 1919 world series scandal but he was said to have told the jurors that he had information relating to the alleged throwing of the series and that he had informed some of his friends. He also was said to have been present during discussions of the alleged conspiracy.

None of the indicted players who were later acquitted by a jury in criminal court here, has made application to Judge Landis for re-instatement in organized ball, and the action of the commissioner in the case of Gedeon was looked upon here tonight as setting a possible precedent for action if re-instatement is requested by them.

Fisher before leaving said there was

more than a possibility that Phil Cohn would be in Harvard's backfield at the start of Saturday's game. Cohn, who weighs 185 pounds, began the season with the backs and came into prominence by his tackling and line plunging in the Penn State and Centre College games here.

DECLARED TWO BULKLEY PLAYERS BARRED

The controversy between Vocational school and Bulkley football management over the eligibility under the rules of three Bulkley players has been settled by decision of the authorities governing such disputes. By this decision two of the three students are barred from league contests and Leary, Bulkley's center is declared ineligible.

At a meeting of the permanent committee on athletics for the Schoolmaster's Club of Connecticut held at New London the following decisions were reached:

The cases of Joseph Linnehan and L. Farrell, Bulkley football players, were presented to the committee on athletics of the Connecticut Headmasters' club. After hearing all the particulars of the cases Linnehan and Farrell were declared ineligible through the interpretation of rule one that these boys were not transferred regularly from a grammar school. The meaning of regularity is that a pupil must come directly from the grammar school and go on with the class. Both of these boys were out of school two or three years therefore did not continue with their class.

Edward Leary was declared eligible to play with Bulkley as the committee ruled that he was transferred regularly from a school of secondary grade.

The eligibility rules committee for Connecticut H. S. school athletes is as follows: James Woods, chairman, L. P. Knapp, John Pettibone.

The Bulkley vs. Vocational case postponed from Oct. 22 will now be played as soon as arrangements can be made between the two schools.

The last game of the season between the Vocational Bulkley schools is to be played Saturday, Nov. 26.

FINANCIAL AND COMMERCIAL

MARKET WAS STEADY.

New York, Nov. 3.—Comprehensive and substantial advances of prices on the stock exchange today were influenced solely by the lower discounts announced by nine of the twelve federal reserve banks and consequent rise by the Bank of England.

Financial interests generally regarded this as striking evidence that deflation at home and abroad had made further progress and that easier credit conditions soon would prevail in the world's leading markets.

The local money market reflected these changes for a time, the 5 per cent. open quotation for call loans soon being up to 4 1/2 per cent. Later, however, on an insistent demand for funds, the rate rose to 5 1/2 per cent. that figure holding at the close.

Bonds made a better showing relative to stock, the price of the 4 1/2 per cent. U. S. bonds recording higher prices of the year with victory 4 1/2 per cent. notes, which rose to par, on exhaustive accumulation.

Oil, steel, motor, and equipment, more or less as named, were the forefront of the day's operations at net gains of 1 to 2 points. Mexican Petroleum again being the outstanding feature. Rally was handicapped by the failure of the several mail order and chain store groups, strengthened on pool support. Sales amounted to 550,000 shares.

Apart from a new low record for German marks at 46 cents per hundred, foreign exchange strengthened after early irregularity. Trading in bills was limited, however, largely to British and French remittances.

The steady sale of the new Chilean \$10,000,000 loan offered further proof of sound investment conditions. Various railway and industrial bonds strengthened on the action of the federal reserve board and international were better. Total sales (per value) aggregated \$17,275,850.

CHICAGO GRAIN MARKET

Chicago, Nov. 3.—For the first time since 1915 the wheat market today dropped to below 1 1/2 a bushel. At 11:15 a. m. the price of No. 2 hard winter wheat was 1 1/2 a bushel, with the sole exception of May corn declined to the lowest level yet this season, following wheat for which there appeared to be no adequate support. Wheat closed heavy, 2 1/2 to 3 1/4 cents net lower, with December at 99 to 99 1/4, May at 104 to 104 1/4. Corn lost 1 1/4 to 1 1/2, and oats 1/4 to 1/2 cents. The day's trading, considered as a whole, was not large but selling on the part of the houses with eastern affiliations and by the northwest was persistent. Final dealings were at the bottom level of the season.

Announcement that the War Finance Corporation has worked out a plan to warehouse the present surplus of corn failed to check the weakness of corn and oats. December corn in particular was under heavy selling pressure.

Smallness of stocks on hand helped to steady provisions.

OBITUARY.

Matthew Corbett.
New York, Nov. 3.—Matthew Corbett, 68, president of the Metropolitan Riding association, and one of the best known sportsmen in the country, died at his home here tonight.

For more than 40 years Mr. Corbett was a thoroughbred horse owner. He also was prominent in New York political circles for many years. He leaves a widow and a son, George J. Corbett, former president of the New York Athletic club.

STRANGLER LEWIS THROWS JOE POLK TWICE

New York, Nov. 3.—(Strangler) Lewis, former heavyweight wrestling champion, tonight defeated Joe Polk, inter-allied titleholder, in a two-fall match. The first fall was gained after 6 minutes, 40 seconds with a double wrist lock, and the second in 1 minute, 19 seconds with a double body hold.

SPORTING NOTES.

Last season Brooklyn and the Yankees trained at New Orleans but the owners of the major league clubs had some sort of a disagreement with the southern states and probably will pass up New Orleans next spring. The Dodgers and the Yanks will again play each other on the spring trip.

If Commissioner Landis decides to suspend Babe Ruth, the Yankees will still have the big slugger with them during the spring training trip unless Landis hardly seems likely. The Yanks would lose little money on the trip without Babe, as he is the magnet that draws the crowds.

Johnny Dundee and George K. O. Chaney will meet for the junior lightweight title at Madison Square Garden, Nov. 12. Both boxers will wear in 120 pounds and Promoter Tex Rickard will present a diamond belt to the winner.

Gloucester fishermen already plan to build a new schooner for the international fishing fleet race which will be held off Gloucester next year.

Joe Smythe, an 18 year old southpaw, who pitched for teams on the sandlots of St. Louis last season, has attracted the attention of big league scouts and may be taken south by some team in the spring. Smythe, who is with the St. Brendan club, also plays first base and topped his team in hitting with an average of .422. Speedy Torporcer, St. Louis National recruit, also graduated from the St. Brendan club.

The bantams of the present day lack class, according to Charles F. Mathison, boxing writer for the New York Herald, who has seen many of them come and go in the last quarter century. Mathison is of the opinion that former Champion Kid Williams could dispose of any of the present crop in short order if he was at the form he displayed when he held the title.

San Antonio, Tex., has again been selected as the training site for the New York Giants. The Giants as world
